

## ACS Corona Virus Preparedness Update – March 9<sup>th</sup>, 2021

We wanted to drop a quick note on where we are at on our Emergency Operating Procedure (EOP) precautions level in regard to new guidance coming out.

We are meeting with DSPD later today and our board will meet on Wednesday to discuss loosening some restrictions for mask wearing, physical distancing, community outings and transportation. Currently we are in our Orange Level II of precautions (0-Black, 1-Red, 2-Orange, 3-Yellow, 4-White)

We plan to provide an update with details on Thursday.

Participants return to programs – At this point in time, most of our partnering supports should have been contacted to discuss a plan for return to services . If you have not been contacted to discuss this process, please contact the director for the respective program you wish to return to by calling 801-281-0700. We are currently running a wait list to stagger returns. This will reduce overwhelm for other participants as well as our staff. We are working hard to re-hire and hire the needed staff to support all who wish to return to programming. That being said...

WE ARE HIRING – If you know anyone who may be interested in working at one of our programs, please direct them to our website at <https://www.abilitychoice.org/hr> to have them apply.

Thank you, we will be in touch soon!
